## **Description**

The PRC Lunch Colloquium brings together population-based researchers from various faculties and disciplines. It is designed to foster interdisciplinary collaboration, facilitate knowledge exchange, and strengthen ties within the population-based research community.

The PRC Lunch Colloquium is open to researchers and students from the University of Zurich and beyond, who are interested in population-based research and its interdisciplinary applications.

The colloquium is regularly held on Tuesdays via Zoom. Presentations are expected to last about 20 minutes, followed by a 40-minute Q&A session. All attendees, including PRC members and external participants, are encouraged to actively participate in the Q&A.

## **Goals**

- Provide an opportunity for researchers to learn about the cutting-edge work being conducted within the PRC.
- Offer a platform for researchers to receive feedback on their work from an interdisciplinary audience.
- Encourage interdisciplinary dialogue and the exchange of ideas.
- Enhance knowledge and expertise in the field of population-based research.
- Foster a strong sense of community and collaboration among PRC members.

## **Location**

Sessions are either in person (location TBD, with hybrid option) or online.
