

Population Research Center (UZH PRC): Lunch Colloquium

prc@uzh.ch / www.prc.uzh.ch

Spring semester 2024, Tuesday, 12:00-13:00h

Program

- 30.01.2024 **Application of speech-to-text in population research – Kick-off for a community-designed pilot study (powered by the Talk2UZH lab)**
Zoom Prof. Viktor von Wyl (Institute for Implementation Science in Health Care)
- 27.02.2024 **An Introduction to the Zurich Project on the Social Development from Childhood to Adulthood (z-proso)**
AND 4.19. Dr. Denis Ribeaud (Jacobs Center for Productive Youth Development)
- 12.03.2024 **Deepen sleep to prevent Alzheimer and Parkinson**
Dr. Angelina Maric (Department of Neurology, University Hospital Zurich)
- 26.03.2024 **Long-term outcome and developmental trajectories of children with complex congenital heart disease**
Prof. Bea Latal (University Children's Hospital Zürich, Child Development Center)
- 09.04.2024 **Leveraging large-scale language data to assess mental health in population research**
Dr. Christina Haag (Institute for Implementation Science in Health Care)
- 14.05.2024 **eHealth in Reconstructive Dentistry**
Prof. Tim Joda (Center for Dental Medicine, Clinic of Reconstructive Dentistry)
- 28.05.2024 **Enhancing the care for individuals experiencing mental health distress, illustrated through the CoLiPri project**
Dr. Mariia Weber (Department of Psychology, Clinical Psychology and Psychotherapy Research)
- 11.06.2024 **Mental health surveillance in Ukraine**
Dr. Viktoriia Yasenok and Prof. Milo Puhan (Department of Epidemiology, Epidemiology, Biostatistics and Prevention Institute)

Description

The PRC Lunch Colloquium brings together population-based researchers from various faculties and disciplines. It is designed to foster interdisciplinary collaboration, facilitate knowledge exchange, and strengthen ties within the population-based research community.

The PRC Lunch Colloquium is open to researchers and students from the University of Zurich and beyond, who are interested in population-based research and its interdisciplinary applications.

The colloquium is regularly held on Tuesdays via Zoom. Presentations are expected to last about 20 minutes, followed by a 40-minute Q&A session. All attendees, including PRC members and external participants, are encouraged to actively participate in the Q&A.

Goals

- Provide an opportunity for researchers to learn about the cutting-edge work being conducted within the PRC.
- Offer a platform for researchers to receive feedback on their work from an interdisciplinary audience.
- Encourage interdisciplinary dialogue and the exchange of ideas.
- Enhance knowledge and expertise in the field of population-based research.
- Foster a strong sense of community and collaboration among PRC members.

Location

Sessions are either in person (location TBD, with hybrid option) or online.
